We reproduce elsewhere a skit from the Devine News to show how wild and absurd rumors grow by distance and how envious rivals gloat over what they hope will prove discordant and injurious to the community life of Hondo. The trip of a few curiosity-impelled individuals to a Ku Klux harangue has grown to be some forty of the wearers of the bed-sheet and pillow slip, a suspicious looking car coming in on the Devine-Yancey road after nightfall has grown to an invasion of crusaders from the west, and the inability of two or three to disclose their whereabouts on a certain evening has grown to a "half and half" division of the people over the Ku Klux. Devine may be so poor in peace officers who dare to do their duty and so lacking in citizenship with the moral courage to see that the laws are legally enforced as to need an aggregation of hooded cowards to stand guardian over its morals. We leave that to the citizenship of Devine and its accredited mouthpiece, the News. But as for Hondo, the majority—not "half and half"—still prefer to entrust that duty to our regularly and legally constituted officials. And when they find they need the help of the citizenship they will get it openly—not from behind a pillow-slip.

At the February meeting of the State Highway Commission, Medina was one of the sixteen counties to be granted state aid. The sum of \$9,000 was apportioned to this county. A total of \$570,807.00 was distributed between the sixteen counties; Ward county leading with a total of \$113,000.00; the smallest award, \$3,500.00 went to Nolan county. But two of the sixteen counties received less amounts than Medina: Nolan \$3,500.00 and Matagorda, \$6,000.00.

Owing to the inclement weather of last week-end, the Epworth League Institute that was to have been held at the Methodist church Saturday and Sunday, was indefinitely postponed. Pastor Foster informs us that it will be held at some future date, when it will be again announced.

Never before has the demand been so great.

You will want a Fordson Tractor early--here is one product you cannot wait for--when the weather opens up you will need it.

You will want it for plowing, seeding, cultivating--and all your other work. Already it has proved the greatest help to profitable farming that has ever been offered to you. And at \$395 f. o. b. The rain of which the Anvil Herald contained an account up to last Friday morning continued throughout the day and into Friday night. The precipitation amounting to .60 of an inch. This added to the rain previously reported, gives in a total precipitation for the spell of 3.25 inches—which would be considered a pretty good rain even in the wet zone of the state. Our farmers will now raise another corn crop to feed those living in the less favored sections east.

The third and last of the Dixie Lyceum entertainments was given at the Auditorium last Tuesday evening. The Clifford Foote Trio gave a most entertaining concert—one that appealed most strongly of the three attractions to the Hondo public. They likewise had the largest house, but nevertheless the Lyceum course has proven a failure from a financial standpoint and instead of the Parent-Teacher Association profiting therefrom there is a deficit of uncomfortable dimensions to be made up by the guarantors.

## MEDINA SCHOOLS AIDED.

Will Eilers, representing the rural section of the public schools of the State Department of Education was here this week, and in company with County School Superintendent, W. N. Saathoff, visited the schools of the county. He expressed himself as gratified with the conduct and progress of our rural schools, which of course is gratifying to the superintendent.

A number of our schools will profit from the visit of this representative of the Department of Education, as Prof. Saathoff was successful in getting allowances made for several of our schools. While he did not succeed to the extent he wishes nor to what our schools are justly entitled to, we suppose we should be grateful for what this representative did for us.

The following schools will profit as a result of this visit:

District No. 1—Castroville.....	\$150.00
District No. 8—Haass.....	150.00
District No. 9—Natalia.....	200.00
District No. 10—Shook.....	200.00
District No. 16—Yancey.....	400.00
District No. 28—Kinchelee.....	150.00
District No. 31—Vandenburg.....	300.00
Devine Independent School District.....	450.00

Making a total of.....\$2,000

Miss Sterritt, representing the High School section of the State Department of Education, visited the Hondo High School one day this week.

## —[F. F.]— CASE CONTINUED.

The case of the State vs. Clyde Stone, charged with the killing of a man named Pender at a road camp in Kerr county some three weeks ago, was called for trial at Kerrville, at 10:00 o'clock last Monday, and was by agreement continued to the August term of the court.

The continuance was mainly caused by the prevalence of the epidemic of "flu", la grippe or bad colds, whatever one is in mind to call it. This malady making the transaction of business by the court almost an impossibility. It is reported that more than 300 school children are down with the epidemic in Kerrville.

The following citizens of Hondo went up to Kerrville Sunday to be present at the trial; some under summons as character witnesses, and others as friends of the defendant: Tax collector, F. G. Muennink, Tax assessor, Lon E. Heath, County treasurer, J. J. Droitcourt, Sheriff, J. F. Bader, C. J. Bless, L. F. Rothe, J. W. Griffiths, R. J. Taylor, R. A. Carter, O. H. Miller, Horace Bradley, Attorney R. J. Noonan, O. E. Lacy, V. P. King, B. G. Collier and W. A. Stone.

## NOTICE, PRESBYTERIANS AND THE PUBLIC.

Editor Anvil Herald:

Please announce in the columns of your excellent paper this week that Dr. P. B. Hill, pastor First Presbyterian Church, San Antonio, will speak in the Presbyterian church, in Hondo, Tuesday, Feb. 27, about 7:15 p.m., on the Presbyterian Progressive Program. All churches are working along the same lines. The Methodists have their Centenary Movement, the Baptists have their 75 Million Dollar Campaign, the Christians have their Men and Millions Movement, etc.

Hence, information from any of these should be equally profitable to each of the others; and it will be decidedly worth while for the constituency of each of these churches in Hondo to hear this address. Dr. Dickey, pastor, Presbyterian church, Kerrville, will accompany Dr. Hill. Don't forget the time, Tuesday, Feb. 27, 7:15 p.m.

The Presbyterians of Hondo cordially invite everybody to here these men.

With kindest regards, I am,  
Yours fraternally,  
Ibzan V. Jolly.

ATTRIBUTE THEIR SUCCESS TO NEWSPAPER ADVERTISING.

Advocates use of Newspaper Publicity.

In an interview today, Mr. Warren Wright, President of the Calumet Baking Powder Company—the largest Baking Powder Company in the World, strongly advocated the use of newspaper advertising, and points to Calumet's success as proof of his statement.

Sales 2½ Times As Much.

"Calumet sales are 2½ times as much as any other brand" stated Mr. Wright, "and we attribute this to our lavish use of newspaper space. We believe that the newspaper is the most direct medium we can use in getting our message across to the housewife and we know from our experience covering thirty years, that the housewife will respond to newspaper advertising quicker than she will to any other form of advertising."

Newspapers Protect Readers.

"The housewives have confidence in newspaper advertisements because they set up high standards for their advertisers. It is for that reason that the housewife looks to the newspaper for information on products in which she is interested."

Mrs. Chas. Wallrath returned to her home at D'Hanis last Friday after spending three weeks with her parents, Mr. and Mrs. H. Weltner of Camp Verde.

Mr. and Mrs. Allen Tschirhart and Bert Heilmann of San Antonio were guests of Mr. and Mrs. Joe Villemain of Pipe Creek one day last week.

Mr. and Mrs. Joe Villemain were here from Pipe Creek last Thursday and paid the New Era sanctum an appreciated visit. They came to see the linotype in operation and were delighted with what they saw.

Otto Weltner, wife and sons, Herbert and Paul of Camp Verde, returned last week from a ten day's overland trip to Laredo and along the Texas-Mexican railroad to Robstown.

Mr. and Mrs. Charlie Schott and children and W. J. Leibold were up from the Schott ranch Saturday. Mr. Schott informs us that John Heinen has finished a good well for him, securing plenty of water at a depth of 529 feet. There was a trace of oil found when oil bearing sand was encountered in the well.

District court is in session at Kerrville this week. A number of witnesses in the case of State vs. Chas. Merritt, charged with burglary of the First National Bank of Bandera, went over to be present when the case was called for trial yesterday. This case was transferred from Bandera to Kerr county for trial at the spring term 1922, but when called for the defendant was absent and bond was declared forfeited. He was located in a prison in Kansas and extradited. Another one of the men implicated in the blowing of the First National Bank safe, Johnny Odell, was tried in Bandera and given five years in the penitentiary. His case is now on appeal. The third man, Walter McMillan, died in San Antonio just a few days ago.

Mr. and Mrs. Joe Callahan and son, John, were here from their

ranch below Pipe Creek yesterday and favored this office with an appreciated visit. They are boosters for their community and say it is one of the most prosperous sections of the county. Mr. Callahan informed us that during 1922 more than \$30,000 worth of butter and eggs were marketed from Pipe Creek, to say nothing of chickens and turkeys, and this year promises to be more productive than last year.

## LADY GOT SO WEAK COULD SCARCELY STAND

After Suffering From Many Female Troubles This Lady Heard of Cardui and Took It, She Says, "Until I Was Well."

"SOME TIME AGO," says Mrs. Buena McFarland, of R. F. D. 2, Bostic, N. C., "I suffered a great deal with weakness common to women. I had bearing-down pains, my sides and back hurt, and my limbs drew. I would get so weak in my knees I could scarcely stand.

"I was very nervous, and could not rest. I didn't feel like eating. I grew thin, and did not have ambition for anything.

"I had been trying other remedies . . . but did not get any better.

"Some one told us of Cardui, and what it was recommended for. I also

took a Ladies Birthday Almanac and read of a case something like mine. I told my husband to get it and I would try it.

"I saw a great improvement after the first bottle (of Cardui), so I kept it up until I was well. Now I am the picture of health."

Thousands of other women have written, to tell of the beneficial results obtained by taking Cardui, and to recommend it to others.

Cardui has stood the test of extensive use, for more than forty years, in the treatment of troubles common to women. Try it.

### 3600 STUDENTS TO TRAIN IN EIGHTH CORPS AREA.

The following definite information  
covering the Citizens' Military Train-  
ing Camps for the summer of 1923,  
has been received from the C. M.  
T. C. Office, Headquarters, 8th Corps  
Area, Ft. Sam Houston.

The 8th Corps, which includes the  
States of Texas, Oklahoma, Colorado,  
New Mexico and Arizona, has been  
allotted the training of 3600 students.  
Four camps are to be held in the  
Corps Area at the following places:  
Ft. Sam Houston, Texas; Ft. Sill,  
Oklahoma; Ft. Logan, Colorado and  
Ft. Huachuca, Arizona.

The camp at Ft. Sam Houston,  
Texas, will train 600 students in all  
the branches of the service. Ft. Sam  
Houston being the largest and one  
of the oldest military posts in the  
United States, offers all possible fac-  
ilities for this training.

The camp at Ft. Sill, Oklahoma,  
the home of the largest and probably  
the finest Field Artillery school in  
the world, will train 1200 students  
in Infantry and Field Artillery, and  
in other branches if sufficient ap-  
plications warrant.

The camp at Ft. Logan, Colorado,  
will train 600 students in Infantry.  
Ft. Logan is situated near Denver,  
Colorado in the heart of the Rocky  
Mountains and is an ideal place to  
spend the month of August.

The camp at Ft. Huachuca, which  
is situated in the picturesque moun-  
tains in Cochise county, Arizona, will  
train 200 students in Infantry and  
Cavalry.

The camps will open July 30 and  
close August 28.

Application blanks will be ready  
by March 15, but requests for them  
should be made as early as possible.  
Preference will be given candidates  
who make early application. In-  
quiries about the camps are invited.  
Address all communications to C. M.  
T. C. Officer, Headquarters, 8th Corps  
Area, Ft. Sam Houston, Texas.

[F. F.]—  
SOME CARS SOLD.

During the five months the present  
Ford dealers, Carter & Bader have  
conducted their business they have  
sold a total of 132 cars, an average  
of a fraction over twenty-six cars  
a month. This too, when as we all  
know, the depression has hampered  
our people to a greater extent than  
for many years. It is rather interest-  
ing to speculate as to what their sales  
would have amounted to had condi-  
tions been normal, and we believe a  
car a day would be a safe estimate.  
Of the cars sold, eighty-two were  
new, while fifty were worked-over  
cars, making only a total of eighty-  
two new gasoline burners sold.

It is now reported that the Ford  
factory will devote a part of its time  
to building flying machines.

If this new industry is to be any-  
thing approaching a success it will  
have to get busy at once, for at the  
rate Ford cars are now accumulating  
on the earth the flying machine will  
experience difficulty in finding a  
lighting place without coming into  
contact with a Ford car.

Nights I had to get up frequently to

Mrs. N. H. Bean Passes Away at Farm Home.  
News reached Devine, Tuesday morning, of the death of Mrs. N. H. Bean, an aged and venerable lady, who had been an invalid for many years. She leaves a devoted husband and one son, Edgar Bean and three daughters, Mrs. L. O. Johnson, Mrs. J. F. Riley and Mrs. L. O. Johnson, all of Lytle; besides a number of grandchildren.

In addition to spinach and cabbage shipments, there has been a considerable lot of hay in car lots recently. Adams Co. are getting \$12 the ton, f.o.b. Devine for hay and we understand that sorghum hay is bringing around \$17 a ton. Corn shipments have slowed up, but with plenty rain and early grass and hay, farmers will have more to sell later.

According to the rain gauge here, nearly four inches of rain has fallen to date in February, and it has fallen slowly and soaked into the earth.

**Hondo Reported To Have Ku Klux Klan.**  
Some months ago, when it was reported over the county that Devine had a Ku Klux Klan, the Hondo and Castro papers had quite a lot to say about it; and we could hear it here that some of our "brave patriots" were talking about what they would do in case the Ku Klux moved up around their bailiwicks; more recently a prominent citizen of Hondo said in this office, that many as "forty men of Hondo" had gone over to Sabinal to a Ku Klux meeting, and said citizen was very much deploring the fact that Hondo was threatened to be divided "half and half" by the Kluxers. Here on, it has been stated here that Hondo has the real K.K.K., while it is really doubtful if there is any organization in Devine.

It is rumored here that Hondo's Klux came from the West and that Sabinal and Uvalde is literally working with them. Well, if they don't do any more harm at Sabinal, Uvalde and Hondo than they have at Devine, no one need work. About that we noticed here was that a lot of loose characters that were a disgrace to the town got up and tried and the town's morals have improved wonderfully. There was a tar and feather party, or a whipping that we had heard of, but somehow the reputation of Hondo had a good effect on the Klux; and on law enforcement. A body at Devine, of any race, color or creed, has ever worried about an organization here, so far as we have heard.

Commissioner J. W. Robertson, arrived Saturday from Hondo court, on his coming via San Antonio, leaving Hondo. He reports about three Kluxes over there and the black land is impassable, where not gravelled. He was in town again early Monday looking after dragging the Kluxes.

Mr. and Mrs. W. C. Scott, of Hondo, accompanied by Mrs. J. M. Barron, were pleasant guests of the Devine home Tuesday.

**DIES OF SELF-INFLICTED WOUND.**

Judge A. M. Lamm, in the capacity of coroner, accompanied Deputy Sheriff, Chas. Schuehle to the Fritz Rothe, Jr., ranch Thursday afternoon, for the purpose of making inquiry as to the cause of death of a Mexican named Erimo Davilo.

The body of the deceased was found lying in the open prairie, some 400 yards north of the Fritz Rothe, Jr., ranch house. According to the best information obtainable Erimo left his house about 1:00 a.m. Tuesday morning, and the next seen of him was when Jose Garcia, a stepson, found his body lying in the prairie Thursday afternoon.

When Judge Lamm, accompanied by Deputy Schuehle, County commissioner J. B. Ney, Mr. Fritz Rothe and George Bendele reached the spot they found deceased lying on his back with a Winchester rifle under his neck. An examination of the body disclosed a bullet hole about four inches of left nipple. The bullet passing through the body and coming out under the left shoulder blade. After making all the investigation possible, Judge Lamm returned a verdict that deceased came to his death from a wound self-inflicted.

Davilo's body lay within less than 100 yards of the road where people passed daily, and while his disappearance was known no one suspected he had suicided, as such an occurrence is rare among the Mexican race. He had reached the age of about 40 years. While it is suspected family trouble had something to do with the rash act there was no direct evidence of that fact.

**THE 22nd IN HONDO**

February 22, Washington's birthday, was pretty generally observed in Hondo by a cessation of business, practically all the business houses remaining closed for the day.

About the only amusement provided for the day was the horse race and calf roping scheduled at the Schmidt field. The main event of the day was the race between the Fritz Senne mare, "Katie Flyer", and the Henry Frerich's mare, "Special". The Senne mare took the race by a couple of lengths.

In the roping contests Paul Richter won two first prizes, while Gus Britsch and Charley Britsch each captured one first prize. Second prizes were awarded to Guido Richter, Henry Schuehle, Jr., Rudolph Bendele and Fred Jagge.

The race announced between "Spark Plug" and "Flying Jennie" for 1:30 Thursday afternoon was postponed until Friday and was of course rained out, as was the second day's roping contests.

A large crowd was present at the grounds to witness the race and roping contests.

At night the American Legion Club entertained its members with a 42 party, radio concert, etc., which brought to a close a very pleasant day.

**Overland a Car of Proven Performance.**

The Overland represents the concentrated efforts of one of the largest automobile manufacturing organizations in the world to furnish the American public with luxurious motoring at the lowest possible cost.

The Overland Ideal is the production of a car that the average American family may take pride in, may spend many happy hours in, may drive for years without trouble or expensive upkeep; the motor car for every American family.

How well this ideal has been upheld is exemplified in the new Overland models shown in this book. Attractive in lines and equipment, fitted with all the comforts you are accustomed to in your own home, powered with a motor that makes every part of the country accessible, cushioned on the famous patented Triplex Springs that only Overland can use, today's Overland provides comfortable dependable transportation at a price everybody can afford.

The appearance of the new Overland will win you immediately. New trim lines with a snap and dash that have heretofore been associated only with higher priced cars. The touring body is completely of steel, eliminating the squeaks and rattles usually encountered in low priced cars.

Drive an Overland and realize the difference.

Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

## LETTER FROM DAVID CROCKETT.

Through the courtesy of Mr. John H. Henderson, who found it among the papers of his father-in-law, the late J. W. Harris, we are permitted to print from the original a letter from David Crockett written by him with a goose-quill, no doubt—from Washington in 1834, while Col. Crockett was a Representative in Congress from the State of Tennessee.

In those days, there were no envelopes and the letter was simply folded together and fastened with some kind of sealing compound, and the address written on the outside. In the upper right hand corner is written the word "Free" (evidently the Congressman's frank) and underneath the signature D. Crockett, underscored by a two-line pen flourish. On the other side is the post mark, "City of Washington" encircling "Apr. 5" in the center, while on one side is stamped in the same ink the word "Free".

The letter is addressed to John Drury, Esq., Louis Grove, Weakley City, Tennessee.

The paper is yellowed with age and some of the folds broken in two. The ink is pale and faded but for the most part the manuscript is as fresh as print.

The letter follows:

Washington City 4 April 1834  
Dear Sir

Your favor of the 12th of March came safe to hand by the last mail and I will hasten to answer its contents. I am enjoying good health and hope these lines may find you and family in good health. I will now give you a history of the times at headquarters we are still engaged in debating the great question of the removal of the deposits this question have consumed almost the whole of the session thus far we have done no other business except to pass some few private Bills. I do hope we may dispose of it next week. The Senate took the vote last week on Mr. Clay's Resolutions first resolution was that the Secretary's reasons were insufficient and and was not satisfactory to the Senate and the other was that the President has violated the laws and the Constitution the first Resolution was adopted 28 to 18 and the second by a vote of 27 to 19 and there was two absent Senators which would have voted with the majority this was the votes of the Senate and I hope the vote may be taken in the house next week it will be a close vote both parties claim the victory. I am of opinion that the house will adopt similar Resolutions, to that of the Senate, my reasons for these opinions is that in so large and intelligent a body of men called honorable men cannot violate principles much as for a majority to vote for a measure that every man that knows any thing must acknowledge is contrary to the laws and Constitution. I have conversed with some of our own members that has acknowledged that the act was not right that Jackson had not a friend in Congress but what was Sorry that the act was done but that they must support their party this is what may be called forsaking principle to follow party this is what I hope ever to see excused from I cannot nor will I forsake principle to follow after any party and I do hope there may be a majority in Congress that may be governed by the same motive these are the reasons that induces me to believe we will gain this great question.

I do consider the question now before Congress is one of deep interest to the American people, the question is whether we will surrender our old long and happy mode of government and take a despot. If Jackson is sustained in this act we say that the will of one man shall rule the laws of the land this you know the people will never submit to—I do believe nothing keeps the people quiet at this time only the hope that Congress will give some relief to the country. We have had memorials presented to Congress from more than three hundred thousand people praying for the restoration of the deposits and a renewal of the Charter of the United States Bank they State that the manufacturers have nearly all stopped and dumped their hands and that there is men women and children mourning over the Country offering to work for their victuals you know that such a State of things cannot be kept quiet long this have never been the case before since previous to the old war the people petitioned to rain for some time and at length we know what followed and this is a great dread is a civil war. I do consider the South Carolina question menacing to compare with the present movement we see the whole Circulation medium of the country deranged and destroyed and the whole Commercial Community oppressed and distressed and for what Just to satisfy the ambition of one man

that he may seek his vengeance on the United States Bank and for what Just because it refused to lend its aid in upholding his party. The truth is he is surrounded by a set of imps of famine that is willing to sacrifice the country to promote their own interest.

I have no doubt of the people getting their eyes open yet in time to defeat the little political Judias Martin Van Buren although they have all chances never was the money of Rome more complete in the hands of Caesar than the whole purse of the nation is at this time in the hands of our President Jackson in fact he is now in full possession of both sword and purse. Caesar said to the secretary of Rome give me the money and the secretary said no person have a right to ask that but the Roman Senate and Caesar said to him that it would be as easy for Caesar to take your life as to will it to another with that the Secretary knowing that Caesar had all power he stepped aside and Caesar took the money how was it with Andrew Jackson when he asked Mr. Duane to remove the deposits and he refused and he was then dismissed and a more pliable one appointed and the act is done and I believe they are sorry for it no man knows where the money of the Country is Congress has no control over it this is a new seen in our political history.

The Post office department is upwards of one million of dollars behind hand and the senate is handling the post master gen'l without gloves they will lay open all their acts to the people you know the president said in his last message to Congress and the nation that the post office department was in a most flourishing Condition when at the same time he knew that the Post master Gen'l had borrowed three hundred and fifty thousand dollars from their pet Banks at six per cents interest and he has over drawn upwards of fifty thousand and he is upwards of six hundred thousand dollars behind with his contractors I can show you in ten contracts where they gave one hundred and twelve thousand dollars as extra to favourites this is Jackson retrenchment I must close please to present me kindly to all your neighbors and receive my best wishes for yourself and family.

I remain with great respects  
your friend and obt sevt  
David Crockett

John Drury

I have said nothing about the prospects of my land Bill I have no doubt of its passage if we can get time to act on it I know of no opposition to it nor do I believe there will be any pleas write me on the reception of this give me a gen'l history of the times, I have sent you a great many Documents to Chremsosville you can send there and get all the great mens speeches & Mr. Websters report & co

### Nature's Naturals

The Southern soldier dreamed and in his dream appeared a familiar barnyard scene. A peafowl walked up with a pair of dice in his claw, saying:

"Shoot-a-quarter, shoot-a-quarter, shoot-a-quarter!" and made a toss.

An old turkey gobbler came up, demanding: "What-did-he-throw? what-did-he-throw? what-did-he-throw?" and a duck waddling by reported: "Craps, craps craps!"

### The Exception

An ardent but misguided friend of our fourteen-year-old hopeful presented him with a saxophone. The twelve-year-old was an interested listener to the fourteen-year-old's persistent efforts to bring forth "There's No Place Like Home" from the unwilling instrument.

Turning at length to his suffering parents, he commented: "No, there isn't, except at the zoo."—The Home Friend Magazine.

### WITH THE DRILLERS.

Owing to the long drawn out spell of inclement weather, beginning with the advent of February and continuing up to the present time, the drillers have been compelled to cease active operations. About the only activity shown has been at the Fritz Fuchs well, in the Yancey section. Casing in this well has been set at 900 feet and everything put in readiness to push work, should the bad weather ushered in the first of the month ever come to an end.

F. A. Brown, the promoter of the well on the Geo. Schmidt ranch, was in town Thursday. His well is down some 775 feet, and he is extremely sanguine of a rich strike. He said the indications are getting better with every foot the drill goes down, and expects to reach pay sand within the next 200 feet.

We have heard nothing as to what is doing at the other wells.

## IF BILIOUS, SICK! TAKE NO CALOMEL

"Dodson's Liver Tone" Straightens You Up Better Than  
Salivating, Dangerous Calomel and Doesn't Upset  
You—Don't Lose a Day's Work—Read Guarantee

You're bilious! Your liver is sluggish! You feel lazy, dizzy and all knocked out. Your head is dull, your tongue is coated; breath bad, stomach sour and bowels constipated. But don't take salivating calomel. It makes you sick, you may lose a day's work.

Calomel is mercury or quicksilver which causes necrosis of the bones. Calomel crashes into sour bile like dynamite, breaking it up. That's when you feel that awful nausea and cramping.

If you want to enjoy the nicest, gentlest liver and bowel cleansing you ever experienced just take a spoonful of harmless Dodson's Liver Tone tonight. Your druggist or

dealer sells you a bottle of Dodson's Liver Tone for a few cents under personal money-back guarantee. Each spoonful will clean your sluggish liver better than a dose of calomel and that it won't make you sick.

Dodson's Liver Tone is real medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your headache and dizziness gone, your stomach will be sweet and your bowels regular. You will feel like working; you'll be cheerful; full of vigor and ambition.

Dodson's Liver Tone is entirely vegetable, therefore harmless and does not salivate. Give it to your children.
